WORK EXPERIENCE

Project:- Cricket Academy Management System Website
This project involved creating modules for player registration, scheduling training sessions, tracking player performance, and managing academy resources. The system features a user-friendly interface for administrators and players, real-time updates, and secure data handling. By implementing this system, administrative tasks were streamlined, and the overall efficiency of the academy's operations was significantly improved.

Developed a comprehensive web-based management system for a cricket academy using HTML, CSS, PHP and MySQL
